IMPORTANT: If you (and/or your dependents) have Medicare or will become eligible for Medicare in the next 12 months, federal law gives you more choices about your prescription drug coverage. Please see page 33 for more details.

This document is an outline of the coverage provided under your employer's benefit plans based on information provided by your company. It does not include all the terms, coverage, exclusions, limitations, and conditions contained in the official Plan Document, applicable insurance policies and contracts (collectively, the "plan documents"). The plan documents themselves must be read for those details. The intent of this document is to provide you with general information about your employer's benefit plans. It does not necessarily address all the specific issues which may be applicable to you. It should not be construed as, nor is it intended to provide, legal advice. To the extent that any of the information contained in this document is inconsistent with the plan documents, the provisions set forth in the plan documents will govern in all cases. If you wish to review the plan documents or you have questions regarding specific issues or plan provisions, you should contact your Human Resources/Benefits Department.

Benefits Overview

Tuba City Regional Healthcare Corporation is proud to offer a comprehensive benefits package to eligible, full-time employees. The complete benefits package is briefly summarized in this booklet.

You share the costs of some benefits (medical and dental), and Tuba City Regional Health Care provides other benefits at no cost to you (life, accidental death & dismemberment, short-term/long-term disability, and employee assistance program). In addition, there are voluntary benefits with reasonable group rates that you can purchase through Tuba City Regional Health Care payroll deductions.

Eligibility

All coverage for new employees begins the first day of the month following the date of full-time hire.

Open Enrollment

The plan year for benefits is January 1 to December 31 each year. During open enrollment you may enroll in or make changes to your benefits. Open enrollment is the only time you may add or change benefits during the year unless you have a “qualifying life event.” Please make sure you understand the benefits offered and enroll yourself and your dependents in the programs that you would like for the coming year.

Qualifying Life Event

A qualifying life event allows you to change your medical / dental benefits outside the open enrollment period.

Qualifying life events include:

- » Marriage
- » Divorce
- » Legal Separation
- » Birth of a Child
- » Adoption of Change in Custody
- » Death
- » Loss of Dependent Coverage (including spousal coverage through employer)

When you experience a qualifying life event you have 30 days to complete and submit a change form to Human Resources.

Dental Benefits

Administered by Delta Dental of Arizona

This plan has entered into an agreement with certain dental care providers, which are called participating providers.

These participating providers of Delta Dental have agreed to charge reduced fees to persons covered under the plan.

Therefore, when a covered person uses a dental participating provider, that covered person will most likely pay less out-of-pocket than when seeing a nonparticipating provider (i.e., no PPO discount will be given and the covered person will be responsible for any amount billed over the Usual & Reasonable Charge). It is the covered person's choice as to which dental provider to use.

Flexible Spending Accounts (FSA)

Administered by Ameriben

FSAs provide you with an important tax advantage that can help you pay healthcare and dependent care expenses on a pretax basis. By anticipating your family's healthcare and dependent care costs for the next year, you can actually lower your taxable income.

You have the opportunity to pay for childcare expenses, insurance deductibles, and other medical/dental expenses from your pretax income up to \$8,050 per year. You may choose to participate in the pretax premium contribution, Healthcare expense plan, and the Dependent Care expense plan or all three.

You are allowed to carryover unused Healthcare Flexible Spending Account funds at the end of each Plan Year, up to, but not exceeding the maximum amount allowed by the IRS for the applicable plan year. For 2023, the maximum allowed amount is \$610. The carryover provision replaces the previous grace period provision and is for healthcare expenses only.

This benefit has three tiers:

1. **Premium Expense Account**—allows you to use tax-free dollars to pay for certain premium expenses under various insurance programs that we offer to you. These premium expenses include: Healthcare and dental care premiums.
2. **Healthcare Reimbursement**—enables you to pay for qualified expenses, which are not covered by your medical plans and save taxes at the same time. This account allows you to be reimbursed by the Employer for your out-of-pocket medical, dental, vision expenses incurred by you and your dependents. You may contribute up to \$3,050 per plan year.
3. **Dependent Care Assistance Account**—You may contribute up to \$5,000 (per family) to cover eligible dependent care expenses (\$2,500 if you and your spouse file separate tax returns).

The 125 Flexible Benefit program is an annual plan. The policy year is January 1, 2023 to December 31, 2023. At the beginning of each year of participation you **must re-enroll**.

Monthly Employee Contributions

	Without Flexible Spending	With Flexible Spending
Gross Income	\$20,000	\$20,000
Pretax Expenses for Health / Dependent Care	\$0	\$2,550
Taxable Income	\$20,000	\$17,450
Less Taxes, FICA	\$4,600	\$3,839
After-Tax Expenses for Health / Dependent Care	\$2,550	\$0
Spendable Income	\$12,850	\$13,611
Your Savings with Flexible Spending	\$0	\$761

The Flexible Spending Account election date is January 1 each year. If you are not currently participating, please consider enrolling.

Isn't It Time
To Save On Your
Health Care
Expenses?

Sign up
for a Flexible
Spending
Account and
save all year long!

And, get the Benny® Prepaid
Benefits Card to make it easy.

Uncle Sam Wants to Help You!

Did you know that you can deduct medical expenses from your federal tax return? But, only 8% of U.S. taxpayers have enough medical expenses to qualify. That means 92% get NO tax benefit.

However, there is a tax-saving benefit that 100% of employees **can** enroll in – a Flexible Spending Account! You can sign up for an FSA and set aside tax-free funds for your out-of-pocket medical expenses. With an FSA, your health care contribution amount is deducted from your paycheck each pay period, in equal installments throughout the year – before federal, Social Security, and (in most cases) state income taxes are taken out. So, every dollar you put in an FSA means **more tax-free, spendable income**.

Now that you know that FSAs are a smart move, see how The Benny Prepaid Benefits Card makes it easy!

The easy way to pay is in the Cards.

Having a Health Care Flexible Spending Account (FSA) is a good idea. The Benny® Prepaid Benefits Card makes it fast and convenient to access the money you've set aside in your FSA. Benny contains the value of your annual health care FSA election amount, and you can use Benny to pay for qualified medical expenses not covered by your health insurance. Benny automatically deducts the cost of your eligible expenses from your FSA. Just swipe and go. It's that easy!

And how do you get your Benny?

Look for details during open enrollment, or ask your Human Resources representative for more information.

Benny® helps you save time, money and paperwork!

Using Benny helps keep cash in your wallet. You'll never "pay twice" – first from your paycheck into your FSA and then again at the time of purchase. You'll have no claim forms to complete, and you won't have to wait to get a check in the mail. You can check balances or account details online anytime or with a quick phone call.

And, there are tens of thousands of merchant locations where you can use the Card for the purchase of eligible prescription out-of-pocket and eligible over-the-counter (OTC) expenses, and you won't have to routinely submit receipts to verify the purchase. But, it's always a good idea to save your receipts for easy reference, and the IRS may require them.

You can use the Card to pay for:

- Prescription and health plan copayments, deductibles and coinsurance
- "Amount Due" on medical and dental statements
- Orthodontics
- Mail-order or online prescription invoices
- Vision services and eyeglasses
- LASIK surgery
- Eligible over-the-counter (OTC) items** such as:
 - First Aid Dressings and Supplies – bandages, rubbing alcohol
 - Contact Lens Solutions/Supplies
 - Diagnostic Products like thermometers, blood pressure monitors, cholesterol testing
 - Insulin and Diabetic Testing Supplies

** The list of eligible OTC items has changed per the Patient Protection and Affordable Care Act of 2010. Contact your Plan Administrator for more information.

- » Marital Relationship
- » Parent / Child Conflicts
- » Grief and Loss
- » Anxiety
- » Stress
- » Depression
- » Substance Abuse
- » Workplace Issues
- » Gambling
- » Other Concerns

How do I contact JBG Clinical Care and what should I expect?

Call Jorgensen Brooks Group at **520.575.8623** (toll free, **888.520.5400**). Local, in-person clinical appointments can be made Monday through Friday, 8:00am through 4:30pm. Telephone and Internet Chat clinical appointments (45 minutes with licensed therapists) are offered, Monday through Saturday, 5:00am through 6:00pm. Crisis services are available 24 hours/7 days.

How many counseling sessions do I get and how many times can I use JBG Clinical Care?

You and your family can have **up to six (6) sessions per person**, per year. If you experience additional problems within the year, another series of **up to six (6) free sessions** may be authorized. Sessions for marital/relationship and family/child problems are for the group involved. A 90 day break between problems is required. Adult children living in the household may receive services up until the age of 26.

What if I need services beyond JBG Clinical Care?

JBG Clinical Care can guide you to available options, including self-help groups; behavioral health professionals; treatment programs; or other resource based on your condition, financial needs and/or insurance coverage. Always, **JBG Clinical Care** will first refer you to network providers in your medical plan. Once referred, you will be responsible for the cost of these services.

Important Notices and Disclosures

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient for:

- » All stages of reconstruction of the breast on which the mastectomy has been performed;
- » Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- » Prostheses; and
- » Treatment of physical complications of all stages of mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under the plan.

If you would like more information on WHCRA benefits, please contact Human Resources.

HIPAA Special Enrollment Rights

Notice of Your HIPAA Special Enrollment Rights

Our records show that you are eligible to participate in the Tuba City plan (to actually participate, you must complete an enrollment form and may be required to pay part of the premium through payroll deduction).

A federal law called HIPAA requires that we notify you about an important provision in the plan - your right to enroll in the plan under its "special enrollment provision" if you acquire a new dependent, or if you decline coverage under this plan for yourself or an eligible dependent while other coverage is in effect and later lose that other coverage for certain qualifying reasons.

Loss of Other Coverage (Excluding Medicaid or a State Children's Health Insurance Program). If you decline enrollment for yourself or for an eligible dependent (including your spouse) while other health insurance or group health plan coverage is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

Loss of Coverage for Medicaid or a State Children's Health Insurance Program. If you decline enrollment for yourself or for an eligible dependent (including your spouse) while Medicaid coverage or coverage under a state children's health insurance program is in effect, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage. However, you must request enrollment within 60 days after your or your dependents' coverage ends under Medicaid or a state children's health insurance program.

New Dependent by Marriage, Birth, Adoption, or Placement for Adoption. If you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your new dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

Eligibility for Premium Assistance Under Medicaid or a State Children's Health Insurance Program. If you or your dependents (including your spouse) become eligible for a state premium assistance subsidy from Medicaid or through a state children's health insurance program with respect to coverage under this plan, you may be able to enroll yourself and your dependents in this plan. However, you must request enrollment within 60 days after your or your dependents' determination of eligibility for such assistance. To request special enrollment or to obtain more information about the plan's special enrollment provisions, contact Human Resources.-

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a state listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are **not** currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **877.KIDS.NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **866.444.EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2022. Contact your state for more information on eligibility.

HIPAA Privacy Notice

This notice describes how medical information about you may be used and disclosed by the employer and its affiliates, if any, and how you can get access to this information as mandated for health plans that are subject to HIPAA. Please review it carefully.

The Health Insurance and Portability and Accountability Act of 1996 (HIPAA) requires certain health plans to notify plan participants and beneficiaries about its policies and practices to protect the confidentiality of their health information (45 Code of Federal Regulations parts 160 and 164). Where HIPAA applies to a health plan sponsored by the Employer, this document is intended to satisfy HIPAA's notice requirement for all health information created, received, or maintained by the Employer-sponsored health plans (the plans). The regulations will supersede any discrepancy between the information in this notice and the regulations.

The plans need to create, receive, and maintain records that contain health information about you to administer the plans and provide you with health care benefits. This notice describes the plans' health information privacy policy for your health care, dental, personal spending account and flexible reimbursement account benefits. The notice tells you the ways the plans may use and disclose health information about you, describes your rights, and the obligations the plans have regarding the use and disclosure of your health information. It does not address the health information policies or practices of your health care providers.

Our Commitment Regarding Health Information Privacy

The privacy policy and practices of the plans protect confidential health information that identifies you or could be used to identify you and relates to a physical or mental health condition or the payment of your health care expenses. This individually identifiable health information is known as "protected health information" (PHI). Your PHI will not be used or disclosed without a written authorization from you, except as described in this notice or as otherwise permitted by Federal and State health information privacy laws.

Privacy Obligations of the Plans

The plans are required by law to: (a) make sure that health information that identifies you is kept private; (b) give you this notice of the plans' legal duties and privacy practices for health information about you; and (c) follow the terms of the notice that is currently in effect.

How the Plans May Use and Disclose Health Information about You

The following are the different ways the plans may use and disclose your PHI without your written authorization:

For Treatment. The plans may disclose your PHI to a health care provider who renders treatment on your behalf.

For example, if you are unable to provide your medical history as the result of an accident, the plans may advise an emergency room physician about the types of prescription drugs you currently take.

For Payment. The plans may use and disclose your PHI so claims for health care treatment, services, and supplies you receive from health care providers may be paid according to the terms of the plans. For example, the plans may receive and maintain information about surgery you received to enable the plans to process a hospital's claim for reimbursement of surgical expenses incurred on your behalf.

For Health Care Operations. The plans may use and disclose your PHI to enable it to operate or operate more efficiently or make certain all of the plans' participants receive their health benefits. For example, the plans may use your PHI for case management or to perform population-based studies designed to reduce health care costs. In addition, the plans may use or disclose your PHI to conduct compliance reviews, audits, actuarial studies, and/or for fraud and abuse detection. The plans may also combine health information about many plan participants and disclose it to the Employer and its affiliates, if any, in summary fashion so it can decide what coverages the plans should provide. The plans may remove information that identifies you from health information disclosed so it may be used without the Employer's learning who the specific participants are.

To the Employer. The plans may disclose your PHI to designated Employer personnel so they can carry out their plan-related administrative functions, including the uses and disclosures described in this notice. Such disclosures will be made only to the Employer's Privacy Officer and personnel under the Privacy Officer's supervision. These individuals will protect the privacy of your health information and ensure it is used only as described in this notice or as permitted by law. Unless authorized by you in writing, your health information: 1) may not be disclosed by the plans to any other employee and 2) will not be used by the Employer for any employment-related actions and decisions or in connection with any other employee benefit plan sponsored by the Employer.

To a Business Associate. Certain services are provided to the plans by third-party administrators known as "business associates." For example, the plans may input information about your health care treatment into an electronic claim processing system maintained by the business associate so your claim may be paid. In so doing, the plans will disclose your PHI to its business associate so it can perform its claims payment function. However, the plans will require its business associates, through contract, to appropriately safeguard your health information.

Treatment Alternatives. The plans may use and disclose your PHI to tell you about possible treatment options or alternatives that may be of interest to you.

Health-Related Benefits and Services. The plans may use and disclose your PHI to tell you about health-related benefits or services that may be of interest to you.

Individual Involved in Your Care or Payment of Your Care. The plans may disclose PHI to a close friend or family member involved in or who helps pay for your health care. The plans may also advise a family member or close friend about your condition, your location (for example, that you are in the hospital), or death.

As Required by Law. The plans will disclose your PHI when required to do so by Federal, State, or local law, including those that require the reporting of certain types of wounds or physical injuries.

To the Secretary of the Department of Health and Human Services (HHS). The plans may disclose your PHI to HHS for the investigation or determination of compliance with privacy regulations.

Special Use and Disclosure Situations

The plans may also use or disclose your PHI under the following circumstances:

Lawsuits and Disputes. If you become involved in a lawsuit or other legal action, the plans may disclose your PHI in response to a court or administrative order, a subpoena, warrant, discovery request, or other lawful due process.

Law Enforcement. The plans may release your PHI if asked to do so by a law enforcement official, for example, to identify or locate a suspect, material witness, or missing person or to report a crime, the crime's location or victims, or the identity, description, or location of the person who committed the crime.

Worker's Compensation. The plans may disclose your PHI to the extent authorized by and to the extent necessary to comply with worker's compensation laws and other similar programs.

Military and Veterans. If you are or become a member of the U.S. armed forces, the plans may release medical information about you as deemed necessary by military command authorities.

To Avert Serious Threat to Health or Safety. The plans may use and disclose your PHI when necessary to prevent a serious threat to your health and safety, or the health and safety of the public or another person.

Public Health Risks. The plans may disclose health information about you for public health activities. These activities include preventing or controlling disease, injury or disability; reporting births and deaths; reporting child abuse or neglect; or reporting reactions to medication or problems with medical products or to notify people of recalls of products they have been using.

Health Oversight Activities. The plans may disclose your PHI to a health oversight agency for audits, investigations, inspections, and licensure necessary for the government to monitor the health care system and government programs.

Research. Under certain circumstances, the plans may use and disclose your PHI for medical research purposes.

National Security, Intelligence Activities, and Protective Services. The plans may release your PHI to authorized Federal officials: 1) for intelligence, counterintelligence, and other national security activities authorized by law and 2) to enable them to provide protection to the members of the U.S. government or foreign heads of state, or to conduct special investigations.

Organ and Tissue Donation. If you are an organ donor, the plans may release medical information to organizations that handle organ procurement or organ, eye, or tissue transplantation or to an organ donation bank to facilitate organ or tissue donation and transplantation.

Coroners, Medical Examiners, and Funeral Directors. The plans may release your PHI to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or to determine the cause of death. The plans may also release your PHI to a funeral director, as necessary, to carry out his or her duty.

Your Rights Regarding Health Information About You

Your rights regarding the health information the plans maintain about are as follows:

Right to Inspect and Copy. You have the right to inspect and copy your PHI. This includes information about your plan eligibility, claim and appeal records, and billing records, but does not include psychotherapy notes. To inspect and copy health information maintained by the plans, submit your request in writing to the Privacy Officer. The plans may charge a fee for the cost of copying and/or mailing your request. In limited circumstances, the plans may deny your request to inspect and copy your PHI. Generally, if you are denied access to health information, you may request a review of the denial.

Right to Amend. If you feel that health information the plans have about you is incorrect or incomplete, you may ask to amend it. You have the right to request an amendment for as long as the information is kept by or for the plans. To request an amendment, send a detailed request in writing to the Privacy Officer. You must provide the reason(s) to support your request. The plans may deny your request if you ask to amend health information that was: accurate and complete, not created by the plans; not part of the health information kept by or for the plans; or not information that you would be permitted to inspect or copy.

Right to an Accounting of Disclosures. You have the right to request an “accounting of disclosures.” This is a list of disclosures of your PHI that the plans have made to others, except for those necessary to carry out health care treatment, payment, or operations; disclosures made to you; disclosures made prior to this effective date at the end of this notice; or in certain other situations. To request an accounting of disclosures, submit your request in writing to the Privacy Officer. Your request must state a time period, which may not be longer than six years prior to the date the account was requested.

Right to Request Restrictions. You have the right to request a restriction on the health information the plans use or disclose about you for treatment, payment, or health care operations. You also have the right to request a limit on the health information the plans disclose about you to someone who is involved in your care or the payment of your care, like a family member or friend. For example, you could ask that the plans not use or disclose information about a surgery you had. To request restrictions, make your request in writing to the Privacy Officer. You must advise us: 1) what information you want to limit; 2) whether you want to limit the plans' use, disclosure, or both; and 3) to whom you want the limit(s) to apply. Note: The plans are not required to agree to your request.

Right to Request Confidential Communications. You have the right to request that the plans communicate with you about health matters in a certain way or at a certain location. For example, you can ask that the plans send you explanation of benefits (EOB) forms about your benefit claims to a specified address. To request confidential communications, make your request in writing to the Privacy Officer. The plans will make every attempt to accommodate all reasonable requests. Your request must specify how or where you wish to be contacted.

A Note About Personal Representatives

You may exercise your rights through a personal authorized representative. Your personal representative will be required to produce evidence of his or her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you. Proof of such authority may take one of the following forms:

- » A power of attorney for health care purposes, notarized by a notary public;
- » A court order of appointment of the person as the conservator or guardian of the individual; or
- » An individual who is the parent of a minor child.

The plans retain discretion to deny access to your PHI to a personal representative to provide protection to those vulnerable people who depend on others to exercise their rights under these rules and who may be subject to abuse or neglect. This also applies to personal representatives of minors.

Change to this Notice

The plans reserve the right to change this notice at any time and to make the revised or changed notice effective for health information the plans already have about you, as well as any information the plans receive in the future. The plans will post a copy of the current notice in the Employer's office. All individuals covered under the Plan will receive a revised notice within 60 days of a material revision to the notice.

Notice of Breach of PHI

You have a right to receive a notice when there is a breach of your unsecured PHI.

Complaints

If you believe your privacy rights under this policy have been violated, you may file a written complaint with the Privacy Officer at the address listed below. Alternatively, you may file a complaint with the Secretary of the U.S. Department of Health and Human Services (Hubert H. Humphrey Building, 200 Independence Avenue S.W., Washington D.C. 20201), generally within 180 days of when the act or omission complained of occurred. Note: The plans, the Employer, and any of its affiliates will not retaliate against you for filing a complaint.

Other Uses and Disclosures of Health Information

A plan must obtain your written authorization to use or disclose psychotherapy notes, to use PHI for marketing purposes, or to sell PHI. An authorization for a use or disclosure of psychotherapy notes may only be combined with another authorization for a use and disclosure of psychotherapy notes.

Plans (excluding long-term care plans) are prohibited from using or disclosing PHI that is genetic information for underwriting purposes.

Other uses and disclosures of health information not covered by this notice or by the laws that apply to the plans will be made only with your written authorization. If you authorize the plans to use or disclose your PHI, you may revoke the authorization, in writing, at any time. If you authorize the plans to use or disclose your PHI, you may revoke the authorization, in writing, at any time. If you revoke your authorization, the plans will no longer use or disclose your PHI for the reasons covered by your written authorization; however, the plans will not reverse any uses or disclosures already made.

Contact Information: If you have any questions about this notice, please contact the Privacy Officer at the Employer, Attention: Privacy Officer.

Grandfathered Plan Disclosure

This group health plan believes this plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator at <https://www.tchealth.org/benefits.html>. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 866.444.3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Prescription Drug Coverage and Medicare

Date of this Notice: October 2022

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Tuba City and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Tuba City has determined that the prescription drug coverage offered by Tuba City is, on average, for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15 through December 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two-month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join a Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Tuba City coverage will be affected. If you do decide to enroll in a Medicare prescription drug plan and drop your Tuba City prescription drug coverage, be aware that you may not be able to get this coverage back.

You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. In addition, your current coverage pays other health expenses in addition to prescription drugs, and you will still be eligible to receive all of your current health and prescription drug benefits if you choose to enroll in a Medicare prescription drug plan.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Tuba City and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join. For more information about this notice or your current prescription drug coverage, please contact Human Resources.

For More Information About Your Options Under Medicare Prescription Drug Coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the Medicare and You handbook. You will receive a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.
