Patient Health Questionnaire Version 4 (PHQ-4)

This page must be completed by the student-athlete

Over the last two weeks, how often have you been bothered by any of the following problems? (circle responses)

	Not At All	Several Days	Over Half The Days	Nearly Every Day
Feeling nervous, anxious, or on edge	0	1	2	3
Not being able to stop or control worrying	0	1	2	3
Little interest or pleasure in doing things	0	1	2	3
Feeling down, depressed, or hopeless	0	1	2	3

(A sum of ≥ 3 is considered positive on either subscale [questions 1 and 2, or questions 3 and 4] for screening purposes.)

If you score a sum of 3 or greater on either questions 1 and 2, or 3 and 4, you may have anxiety or depression that is affecting you more than normal. In this case, it is recommended that you talk to a trusted health care provider such as your primary care physician, your athletic trainer at school, or a counselor at school. If there is not someone you feel comfortable talking to or you are interested in learning more to help yourself or a friend, please use the resources provided below.

AIA ARIZONA INTERSCHOLASTIC ASSOCIATION™

OUR STUDENTS, OUR TEAMS . . . OUR FUTURE.

Arizona Interscholastic Association, Inc.
Mild Traumatic Brain Injury (MTBI) / Concussion
Annual Statement and Acknowledgement Form

I, _____ (student), acknowledge that I have to be an active participant in my own health and have the direct responsibility for reporting all of my injuries and illnesses to the school staff (e.g., coaches, team physicians, athletic training staff). I further recognize that my physical condition is dependent upon providing an accurate medical history and a full disclosure of any symptoms, complaints, prior injuries and/or disabilities experienced before, during or after athletic activities.

By signing below, I acknowledge:

- My institution has provided me with specific educational materials including the CDC Concussion fact sheet (http://www.cdc.gov/concussion/HeadsUp/youth.html) on what a concussion is and has given me an opportunity to ask questions.
- I have fully disclosed to the staff any prior medical conditions and will also disclose any future conditions.
- There is a possibility that participation in my sport may result in a head injury and/or concussion. In rare cases, these concussions can cause permanent brain damage, and even death.
- A concussion is a brain injury, which I am responsible for reporting to the team physician or athletic trainer.
- A concussion can affect my ability to perform everyday activities, and affect my reaction time, balance, sleep, and classroom performance.
- Some of the symptoms of concussion may be noticed right away while other symptoms can show up hours or days after the injury.
- If I suspect a teammate has a concussion, I am responsible for reporting the injury to the school staff.
- I will not return to play in a game or practice if I have received a blow to the head or body that results in concussion related symptoms.
- I will not return to play in a game or practice until my symptoms have resolved AND I have written clearance to do so by a qualified health care professional.
- Following concussion the brain needs time to heal and you are much more likely to have a repeat concussion or further damage if you return to play before your symptoms resolve.

Based on the incidence of concussion as published by the CDC the following sports have been identified as high risk for concussion; baseball, basketball, diving, football, pole vaulting, soccer, softball, spiritline and wrestling.

I represent and certify that I and my parent/guardian have read the entirety of this document and fully understand the contents, consequences and implications of signing this document and that I agree to be bound by this document.
